From (Name) M.R.Ry A.B.Shetty Avargal, M.L.C.

(Designation) President, District Board,

South Kanara.

To The Secretary to the Government of Madras,

Local Self Government Department.

Madras.

Sir,

I have the honour to state as follows:-

(J)

In Government Order Ms. 1775 P.H.dated 4.10.~~1934~~ 1926 Government were pleased to approve the proposals of the Uppinangady Taluk Board (Puttur Taluk Board) to open a rural allopathic dispensary at Mundaje on the distinct understanding that no expenditure should be incurred from the Taluk Board funds. The dispensary was consequently converted into an ayurvedic dispensary and this was approved in Government Order No 1226 P.H.dated 20.5.1930.

(V) ayurvedic ?

At the time of opening of the dispensary, medicines were promised to be supplied by a local sabha, but later on, the sabha failed to work and no supply of medicines was made.

GN 6/7 A

But for the timely financial assistance rendered to the dispensary by a taluk board member, the dispensary would have by this time reached a stage of extinction.

The medical practitioner experiences great difficulties to afford to the villagers adequate medical relief for want of proper supply of medicines. It is impossible for a medical practi--tioner to depend on private resources for any indefinite length of time as such sources of help are uncertain and slippery. The dispensary is provided with a decent building by the local panch--ayat board. It is situated in one of the malarial portions of the district where medical aid is most needed.

(J) I request that the Government may kindly be pleased to modify their orders issued in Government Order No. Ms. 1775 P.H. dated 4.10.1926, and sanction the supply of medicines costing Rs 360 from the funds of the District Board, as is being done for other rural dispensaries. Necessary provision has been made in the budget estimate for 1935/1936.

I have the honour to be,

Sir,

Your most obedient Servant,

O Srinivasa Rao 4-7-35

for President.

Medl matters - d.f.v.me - Rural - Dhandage dispy - S. Kanara Dt Bd - Supply of medicines by the Dt Bd

On account of the very poor financial position of the Dt Bd which maintained the rural dispensary at Dhandage it was ordered that the Dt Bd should not incur any expenditure on the supply of medicines to the dispensary. There is no objection to at present the Board can afford to maintain the dispensary from its own funds. An expenditure of Rs 360 per annum on account of the dispy. The Dt Bd's request is not supported by a Resolution of the Bd.

The dispensary is a subsidised one – vide the orders in Govt Nos 1775-Ft dt 4.10.26 and 1226 Ft. dt 20.5.35. Govt have been as in the case of all subsidised dispensaries keeping a subsidy towards the pay of the medical officer and the cost of medicine amounting to Rs 360 a year is originally met out of Govt funds. Govt feel however as in all cases of this kind that the local concerned. In the present case the Govt sanctioned the opening of the dispensary on the express understanding that the local board will meet out of private donations. As the local board did not permit such payment. The local board has therefore been meeting the cost mainly out of private donations. As the local board now requests that the Govt may, as a special case, be pleased to waive their claim towards the cost of medicines supplied so far, Govt have however thought it desirable to have an examination made of the financial position of the board so that it cannot be said that Govt have not been fully acquainted with the facts of the case before they decide to waive their claim. A draft is already prepared and is submitted herewith for issue.

This is a Subscribed
Rural Dispensary, which
has been running for some years.
For Sometime a local
Sabha Contributed the Cost
of Medicines, but that
Sabha has now ceased
to exist. Unless the Dispensary
is to be closed the Govt should
pay for the Medicines,
as the old Sabha Fund
Govt cannot long

It would appear from the papers in the matter that Mr Khadilkar's [illegible] and amount of Rs 5,000 was intended to be invested in the 'Land Mortgage debentures' placed at a fixed deposit

in all Co-operative Bank Society and that only the interest accruing therefrom was intended for the cost of medicine. ~~The promise appears to have been made only for the Ayurvedic dispensary (even the payments were stopped after a year) and the amount was credited to the Society's account.~~

The promised Endt was not made but the interest on it was paid for only one year. — cf Hrs 3 & 13 of (J) and page 30 of (V). The dispensary which was opened was closed after a year as the interest on contribution for the second year was not paid, and remained closed from 1927 ft on p 3 of (V)

Hrs 29/8/28. Subsequently in January 1930 the Sabha came up with a proposal to open an ayurvedic dispensary and stated that contributions would be forthcoming to meet cost of medicines. The Sabha referred to in the current letter was apparently one of the proposed contributors.

AS the extra expenditure is only about Rs 360 per annum, the financial position of the board (~~which is~~ through not satisfactory) may not be appreciably affected by this small additional liability. In this View, the Request of the P.D.B. S. Kanara may be Complied with.
